Mindful Approach

At Under Canvas, our mission is to inspire connections with extraordinary places, people, and the planet by enhancing access to the outdoors. We uphold that mission with our Mindful Approach, which comes to life through everything we do: from the design choices we make, to the experiences we curate for our guests, to the operational initiatives that we implement to help protect and preserve the natural environment.

Thoughtful Innovation: As pioneers in the outdoor hospitality space, we remain committed to employing thoughtful, low-impact development and operations initiatives across our destinations. We focus on intentionally integrating our camps into the surrounding natural environment and prioritize recycling, solar power, and carbon offset practices whenever possible.

Resource Conservation: We conserve water and energy with pull-chain showers, low-flow toilets, faucets that automatically shut off, low-level lighting, and a towel-reuse program. Accordingly, our camps use significantly less water and energy than a hotel of similar size. Rechargeable, USB battery packs are used in guest tents in lieu of electricity, and Rivian Waypoints electric vehicle charging stations are available at select locations for guests to use throughout their stay.

International DarkSky principles: We reduce light pollution by following guidance from the International Dark-Sky Association. Like many of the nearby National Parks—including Arches, Bryce Canyon, Canyonlands, and Grand Canyon, which are certified International Dark Sky Parks—we incorporate environmentally responsible outdoor lighting, effective lighting policies, and education to help protect and preserve the night sky.

Land Conservation: Under Canvas destinations are designed to minimize disturbance and maximize open space. As such, we maintain dedicated, undisturbed green spaces at each camp.

In Good Company: We partner with brands that align with our mission and values—and share the same care for our planet. For example, plant-based EO® bath products are made in a zero-waste facility, West Elm furnishings support sustainable initiatives, and lululemon is committed to 100% renewable electricity for their owned and operated facilities.

Unplug and Recharge: Wi-fi is intentionally not offered to our guests so that they can disconnect from technology and reconnect with others.

Giving Back to Nature

As lovers of the outdoors and the beautiful lands that surround our camps, Under Canvas has joined forces with The Nature Conservancy (TNC), a global environmental nonprofit working to conserve the lands and waters on which all life depends, to help fund conservation and raise awareness through education, volunteer efforts and donation programs.
